DETAILED ACTION

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on October 8, 2003, has been entered.
2. The Examiner has carefully considered Applicant's response filed October 8, 2003, and February 25, 2004. All rejections have been overcome.

Terminal Disclaimer

3. The terminal disclaimer filed on October 8, 2003, disclaiming the terminal portion of any patent granted on this application which would extend beyond the expiration date of 09/881,473 has been reviewed and is accepted. The terminal disclaimer has been recorded.

EXAMINER'S AMENDMENT

4. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

*On page1, line 10, of the specification, after "1998", please insert --now U.S. 6,645,604,--

Reasons for Allowance

4. Claims 1-29 and 31-52 are allowed.

5. The following is an examiner's statement of reasons for allowance: the rejections in view of Shizuno et al. (US 5,525,397), Henry (US 4,064,061), Thrasher (US 5,342,436), Gilmore et al. (US 5,369,858), and Mackey (US 5,756,112) have all been overcome. While the Shizuno et al. reference is believed to be the closest prior art, it fails to teach or disclose the claimed Average Peak to Peak Distance of at least 1 mm and a Surface Topography Index from about 0.01 to about 10. It should be noted that the Examiner reviewed the declaration filed in the 09/881473 reference (which was used in the double patenting rejection) and applied the disclosure of the declaration to the present Application.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
